BACKGROUND: THE 2017 REPORTING MANDATE

2017: UK introduces mandatory gender pay gap reporting. This applies to employers with 250+ employees.

Goal: Transparency drives voluntary compliance

WHAT IS GENDER PAY GAP?

The difference in **average** (or **median**) **hourly pay between men and women** across the organisation.

$$\frac{MedianHourlyPay\,(Male) - MedianHourlyPay\,(Female)}{MedianHourlyPay\,(Male)} \times 100$$

Measure occupation segregation and representation.

NOT SAME POSTITION, DIFFERENT PAY
